---

## SUMMARY

---

I'm a software engineer with over 3 years of experience in web-focused roles, specializing in JavaScript, React, and TypeScript. I've got a solid track record in designing and implementing scalable and maintainable codebases, boosting system performance, and mentoring junior engineers. I'm also skilled in AWS services, infrastructure as code.

## EXPERIENCE

---

### *Amazon Web Services (AWS), **Software Engineer***

*Dec 2024 - Present* - Designed, implemented, and deployed Java backend APIs and NO-SQL tables, enhancing system performance and scalability.

- Deployed and managed AWS backend services leveraging infrastructure as code.
- Conducted code reviews, provided constructive feedback, and mentored junior engineers, improving code quality and team productivity.

### *Amazon Web Services (AWS), **Front-End Developer***

*Jul 2022 - Dec 2024*

- Translated Figma designs into React UI components, enhancing user experience and reusability.
- Designed front-end flows leveraging API fetching and state management, improving data handling and user interaction.
- Designed and implemented TypeScript APIs for front-end frameworks using AWS services, enhancing integration and performance.
- Managed a JavaScript monorepo with modern tooling (Webpack, ESLint, Yarn/NPM), ensuring codebase scalability and maintainability, reducing build times by 30 percent.

### *MedAtlas, **Front End Developer Intern***

*Nov 2021 - Jan 2022*

- Structured the initial front-end architecture using React and Redux, enhancing system performance and scalability.
- Built the entire UI from scratch using reusable and maintainable components, improving code maintainability and consistency.
- Applied Tailwind CSS to ensure consistent styles across the application, enhancing user experience and interface consistency.

### *Amazon Web Services (AWS), **Front End Developer Intern***

*May 2021 - Aug 2021* - Implemented an UI Authenticator using reusable components and AWS APIs.

## EDUCATION

*Hunter College*

**Computer Science** • Aug 2020 - May 2022

---

*Hostos C. College*

**A.S • Mathematics** • Jan 2019 - May 2020

## SKILLS

JavaScript • Typescript • React • Git/GitHub • CSS • HTML • JAVA • AWS
